

More than 30 Years of Loss Adjusting legacy Now in the UAE

The Guiding Principle

The central purpose for existence of JCG International is Contribution and Service to every one of our clients through first class loss adjusting, claims management, surveying and inspection services. Training, Information Technology and Turn around Time have been the areas of our constant attention in the past decade or so apart from building a solid team of professionals and an international presence.

A goal without action is daydreaming. So, we have pledged ourselves to be an action oriented company striving towards achieving our goals by continuously focusing on development of new and improved services and revolutionizing the existing market trends. Our people are our assets and we cherish their association and so do our clients. Matching the right people to the right jobs makes it possible for us to achieve our service-oriented goals.

Our journey as loss adjusters and claims managers started in India in the year 1984 when Jagdish Gupta, our present managing director, started up a company J.C. Gupta & Co. Pvt. Ltd. The company has established itself as one of the leading adjuster companies in India having presence at all major locations in the country.

In 2016 the group made a leap forward with the formation of JCG International Surveyors and Loss Adjusters LLC in Dubai.

With our combined industry experience of more than five decades, our clients are sure to benefit from the professional acuity of our technical work force.

Our Approach

JCG International are highly motivated towards setting new industry standards through collaboration and team work. We believe in transparent working and thorough communication both with our clients and within organization. Our efficient reporting makes it possible for the client to fully appreciate and understand all aspects of case in hand. We provide service with smile and that shows. Our people are highly responsive to needs of our clients and take stress in its stride. We achieve this by keeping in place good employee reward systems and personal assistance service especially in times of overwork or extensive travel. Use of technology in salvage disposal, reporting, communication with local & outstation offices and record maintenance alongwith international presence have given us leverage to deal with our clients' needs internationally.

Our Services

We live in an age where the delivery of consistent and measured service dominates. At JCG International, we understand this and work with each of our clients to better understand their requirements and those of any external regulators. We operate a management structure that ensures all our people fully understand the aim of the company, their own position within it and clients' requirements. Internal and external training sits at the very heart of this and we ensure all our employees are fully capable of meeting the needs of our clients, irrespective of size or perceived importance. JCG International provides a wide range of loss adjusting, surveying and inspection services. In the following pages the key elements of the extensive nature of our services are shown.
